

Glen Pintuan

Glenlie Pintuan, Jr. was born on June 16, 1964. He was raised in a Christian family. With his wife Hersonita he has seven children. (Not shown in the above picture is their eldest child, a seminary student, and a one year old, the latest addition to the family. Prior to attending seminary Glen trained and worked professionally as a reflexologist. He can fluently speak two Filipino dialects and English.

In 1985 Glen graduated from Manila Bible Seminary with a bachelor's degree in Theology. Since graduating from seminary he has been able to establish and nurture five churches in the region. Currently Glen pastors in the barrio of Maneo, Pampanga at Tenejero Church of Christ. This is a remote area located north of the city of Manila.

Glen planted Tenejero Church of Christ in 2005. Fifteen people from three families made up the original congregation. One year after establishing the new church plant there were 50 active members. Currently a local gymnasium serves as a meeting place for the church. The church is praying for a permanent place of worship that will house 500 worshippers.

Evangelism and counseling is Glen's ministry specialties. His style of evangelism is creating small family cell groups. He visits the homes of members and conducts devotions daily. Glen's ministry is not only with Tenejero Church of Christ. He actively assists the pastors of any churches requesting personal and house to house evangelism.

Every summer Glen works with Christ in Youth. He also helps reach and train college students in the ministry of Christ on Campus.

Glen uses his knowledge of reflexology to connect with new people. During treatments he can share the Word of God. Not only does the patient find relief from illness, but learns about Jesus. After rigid Bible studies, many former patients have decided to accept Jesus.

The young church has started a music ministry. Through fund raising efforts the congregation was able to purchase two guitars with amplifiers, projector, sound board and two speakers. Glen enjoys composing songs to be used in his worship services.

There is a great need for land to build a big chapel to house the Tenejero Church of Christ.

Glen would appreciate prayer for God's will in finding affordable land and the funds to make the purchase. For the church to continue growing more space is desperately needed.
