

# I.D.E.S.

International Disaster Emergency Service

IDES is an established ministry since 1973. The purpose is to bring glory to God by bringing help and hope to our hurting world. IDES teaches the good news by helping people in need. One way IDES does this is by digging wells for clean water and taking the opportunity to explain the Living Water. IDES helps hurting people by giving them food, medicine, blankets, and even houses. IDES provides services worldwide, such as evangelism, hunger and disaster help, developmental projects, and medical treatment.

## Offering Help and Hope to a Hurting World
